

NEW

Prepaid MTP sequencing

What is new?

- You can now order prepaid MTP sequencing boxes via LGC Genomics online ordering system at <http://shop.lgcgenomics.com>
- Ship your 96-well sample plate back to LGC Genomics for sequencing using the supplied and labelled secure box. The number of delivered labelled boxes will correspond with your online order.

Advantages

- Time saving - no delays waiting for a purchase order
- Cost management due to prepayment
- Secure shipment in special boxes
- High quality service
- Easy online ordering process
- Best price.

Ordering procedure

- Order as many plates as you require using our online ordering system at <http://shop.lgcgenomics.com>
- You will receive our Prepaid MTP sequencing boxes (instead of single prepaid barcode labels) One Prepaid MTP sequencing box is required per ordered plate
- The total number of ordered Prepaid MTP sequencing boxes will be invoiced immediately
- Please ensure you use the Prepaid MTP sequencing box for shipment of your plate to validate the prepayment
- For further MTP sequencing guidelines please see our MTP sequencing flyer also available online at www.lgcgenomics.com.

Conditions

- The prepaid MTP sequencing price (one box) is valid for 96 samples per plate i.e. 96 sequencing reactions
- No credit will be given for less than 96 clones/ reactions
- Primer usage (number of primers, arrangement and mirror plate) is according to our standard MTP online ordering procedure.
